Annual Report

of
INPA for the year 2022-2023

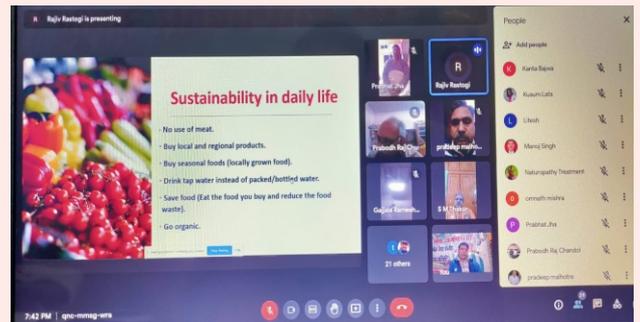

Introduction:

Few nature cure practitioners had been feeling the need for organising profession of naturopathy in the light of modern research in health services. To establish this drugless therapy among common man it was essential to promote education and training in natural Therapeutics. It was need of the hour to modify or improve in the old forms of the diagnosis techniques and modalities for treatments. In this scenario INPA as an organisation of Nature Cure Practitioners came into existence in the year 1973 at Lucknow where an all India conference of Naturopathy was being held. Some of the Naturopaths of Conference met separately to discuss the modalities to promote Naturopathy and principally agreed to form an Organisation for the purpose. Later INPA has been formed and its Head Office was made in Delhi and the association named 'Indian Nature Cure Practitioners Association' (INPA) was got registered under The Societies Registration Act XXI of 1860 in Delhi on 23rd March 1976.

After its registration in Delhi many activities were started. These included starting a college for a three years diploma course in naturopathy, publishing a monthly magazine titled 'Swasthya and Saundriya'. Hundreds of persons were awarded aforesaid diploma and such people also became members of this association. INPA also started a Nature Cure Research Clinic at its office. So far INPA organised many seminars and conferences to exchange experiences of naturopaths with one another. INPA has also raised voice of naturopaths before different authorities of Central or State Governments to get this system included in main stream of Health promoting system of the country. It helped setting up many new Naturopathy Clinics and inspired young people to learn this holistic art of healing.

9. On August 24, 2021 INPA Convener Dr. Arvind Tyagi has launched a Kutumbh App and invited the nature cure practitioners and its followers to join INPA through this app. INPA Convener re-launched this App on 8th June 2022 and again invited Nature Cure Practitioners and followers to join INPA through this App.
10. INPA has organised virtual talk on 1st of January 2023 at 7.00 p.m. through google.com/qnc-mmsg-wra. The topic of the talk was 'Sustainable Life Style through Yog and Naturopathy'. The main speakers on this occasion were Dr. Rajiv Rastogi and Dr. S.M. Thakur.
